

Parent Forum, Thursday 10th January 2019

6pm – 7pm in the

Sixth Form Centre

Not everyone can open the surveys in the new format – previous method worked better. Our IT department will look into this.

The email addresses of teachers are sometimes difficult to find on the website. Can we have a master list?
Absolutely, we'll get working on this.

When emailing staff sometimes they are slow to respond if they work part time and do not pick up the email straightaway. Can an out of hours response be put on their email? Yes, will notify part time staff.

Notification of achievement and behaviour points on SIMS vary according to the teacher, can these be standardised?
Yes, we will brief staff.

When reports are available to view on SIMS parent app can a note be put in the bulletin? Yes, we will publish on the bulletin and on the website.

Can a glossary of terms be included on student reports, also an explanation of how the targets are created. If the targets come from the SATS data how are the targets for other subjects created? We will look into including the glossary of terms and bring you the rest of the information requested.

On reports, can 'Target' be renamed 'Minimum target grade'? Yes, with immediate effect.

Assessment column is really good, very useful

Can there be a link to Doodle for the areas students are finding difficult? We will look into this.

Can tutor comments be added to student engagement report via the use of a comment bank? We will look into this.
