

April 2018

Dear Parents/Carers,

### **SUMMER 1 UPCOMING EVENTS**

Although it has been a short half term, Year 7 students have continued to work with enthusiasm and commitment! I continue to be impressed with their community spirit and work ethic as do the rest of the teaching staff. Reviewing the most recent tracking, it is clear that they are as a year group very focused on their work with an excellent attitude to learning and this will reflect in the progress they continue to make.

We have many upcoming exciting events! Year 7 students will be preparing for their summer exams, which take place on the week commencing Monday June 4<sup>th</sup>. Teachers will be preparing students for these thoroughly in lessons. Many Year 7 students will be going on the summer camp 'Bushcraft' trip between Tuesday 19<sup>th</sup>-22<sup>nd</sup> June and the Year 7 Graduation takes place on Friday, 13<sup>th</sup> July.

A reminder that if your child would like to do homework after school the library/Study Support Area is always open until 4pm each day for them to come and work or ask advice.

Should you have any queries, your child's form tutor and I are available should you wish to discuss any aspect of your child's pastoral support or academic progress in more detail.

Yours faithfully,

**Mr A Whearity**

**HEAD OF YEAR SEVEN**
